CLIENT TESTIMONIALS

DRIVERS AND DRIVER SERVICES

"I was given a very last minute program by a client, and decided to give Aardvark a try. They were very responsive to my program needs, and had a vehicle, crew and logistics nailed down in less than a week. In addition, our tour ended up having some scheduling issues with make-up dates and weather, which extended our tour by a couple of weeks. The Aardvark team was able to make the necessary adjustments to keep our multi city tour operating smoothly. Given another project opportunity, I wouldn't hesitate to give Aardvark a call again."

- Vince, Sr. Director – Experiential Marketing

VEHICLE RENTAL

"It's a pleasure working with the Aardvark team. From the vehicle selection process to the ongoing customer service, their team can't be beat. I will work with Aardvark Event Logistics again and I suggest you do the same."

- David, Producer

LOGISTICAL PLANNING

"We came to Aardvark when we needed to produce a customized trailer in a short time frame and needed a partner who could assist us throughout the process from start to end and provide a certified driver for the entire tour. Aardvark came through for us on all facets; they provided an incredible trailer with a fully functional commercial grade kitchen and outdoor kitchen/stage set, along with signage and wrapping the trailer to the highest standards. Our client loved the trailer design, along with the celebrity chefs that cooked in the kitchen as they always said how functional the mobile kitchen was for their needs. Aardvark came through for us and we look forward to continuing our partnership with them for future programs."

WAREHOUSING

I would just like to express my gratitude in coming to my aid. In the crux of a potential problem that could have crippled a major tour. You were right there within minutes with a great solution to a rather uncommon problem. Your level of dedication and professionalism is a true testament to the great people in the event marketing business. I would never hesitate to utilize your incredible services at a moments notice.

- Steve, Transportation and Logistics Manager

PRODUCTION MANAGEMENT

"I wanted to thank you for all your help on the logistics of the tour these past few months. It was a pleasure working with you and I hope we will get the opportunity to work together again in the near future. Also, I mentioned to your driver what a great job he did during the tour and wanted to say the same to you. He was truly a pleasure to work with and went way above and beyond to make the tour the success that it was. I would give him my highest recommendation for future projects."
